ALLENDALE WELCOME

The Allendale Angus Stud was founded in November 2014 with the purchase of mated females and heifer weaners from the Booroomooka Angus Stud. The Booroomooka cattle have given us an excellent foundation for our stud and we appreciate the opportunity from Sinclair and Hugh Munro. Further females have been added from the Coolana, Anvil and Stoney Point Dispersals.

This is our 4th offering of Angus bulls and we believe we are making significant improvement with the quality of the offering and we are thoroughly enjoying doing this.

The main sires impacting our draft this year are Booroomooka Quebec Q20, Booroomooka Paragon P96 and Allendale Enhance R215. All of these sires really excel in the important traits of fertility (scrotal size), 200 & 400 day weights and EMA.

We sincerely thank you for taking your time to look at our Angus program. Please contact Alastair if you would like to discuss any further.

Regards,

Alastair Day
